February 2006

Special points of interest: February

- *This month Graham Young, International Director will visit for 3 weeks to help with the necessary paperwork for establishing MMM in Thailand as a Foundation*
- *Please pray with us that this process will go smoothly and that we will have all the necessary documentation and that it is correctly translated into Thai, the first time we submit it to the relevant authorities.*
- *Max will continue to supervise the MOC at Mae Chan.*
- *Finalisation of the work for the Family Learning Centre*
- *Restructuring and strengthening the roof at OMF Guesthouse in Bangkok*

One in, 85 to go.....

At Mae Chan, just 30 minutes north of Chiang Rai, the beginning of the Mien Outreach Centre was a sight to behold. A rig would drag an eight metre cement pilon up and then drop a 40 tonne weight on the top of it to drive it into the ground. It was an amazing sight as it slid into the ground like a knife through butter!

Max has had quite a busy time looking for the right Thai Contractor but now there is a Christian Engineer working alongside Max and the Mien Committee which has helped tremendously.

House of Prayer Church and Family Learning Centre

This has been a fantastic transformation. The church are enjoying their new premises and the school will move in within the next week or so.

This is one of the classrooms framed up
There are 12 classrooms all together

This is the whole building. Pastor's apartment this end,
church on top, Family Learning Centre underneath.
